

# FREE OILED WILDLIFE HAZWOPER TRAINING CLASSES

## **Port Angeles Class:**

February 27, 2016, 8 a.m. - 5 p.m.  
Port Angeles, WA, City Council  
Chambers, 321 East 5th Street

## **Everett Class:**

March 19, 2016, 8 a.m. - 5 p.m.  
Everett, WA, Everett Community College,  
Jackson Conference Center, 2000 Tower St.

# FREE OILED WILDLIFE HAZWOPER TRAINING

*If you're interested in helping oiled wildlife response efforts here is your chance to receive training - in advance of an oil spill.*

## REGISTER FOR THE FREE TRAINING

Log onto [www.oilspills101.wa.gov](http://www.oilspills101.wa.gov). Click on "training" and follow the prompts. Please register no later than February 19th for the Port Angeles class and March 11th for the Everett class. Classes fill quickly, so register ASAP.

## RECEIVE YOUR 8-HOUR HAZWOPER CERTIFICATION

Upon completion, you will receive an 8-hr **Hazardous Waste Operations and Emergency Response (HAZWOPER)** certificate. This class satisfies the annual HAZWOPER renewal requirement.

## LEARN IMPORTANT SAFETY SKILLS

This one-day training will help you understand how to recognize, react, and protect yourself from the hazards associated with an oil spill. The class will cover hazardous situation recognition, personal protective equipment, decontamination procedures, and an overview of how oil spill response operations are conducted. The class also examines hazards associated with working around oiled wildlife. NOTE: While some of the subject matter discussed is related to oiled wildlife specific hazards, this training is not a wildlife handling or treatment course.

## CLASS AMENITIES

Light refreshments will be served, but you are on your own for lunch. The Port Angeles facility does not have a writing surface so you may want to bring a notebook or clipboard. The Everett facility provides desks.

## QUESTIONS ABOUT REGISTRATION?
